Jesus Film Outreach During Noise-Making Ban – May 2025

From May 12, 2025, some parts of Accra, the capital city of Ghana, observed a one-month No Noise-Making period due to cultural traditions. As a mission-minded team, we focused our outreach on communities without these restrictions.

From May 16, - 28, we used every night as an opportunity to share the gospel through mini rallies using the Jesus Film in the following communities:

- Ofaakor Downtown, Otiemens, Queens City, Ofaakor (main town)

A new convert excited after accepting Jesus Christ

Dear Friends and Ministry Partners,

Greetings in the name of our Lord Jesus Christ!

We thank God for the opportunity to serve Him in this generation. Through your prayers and support, we continue to share the love of Christ, make disciples, and strengthen local churches. As Jesus said, *“The harvest is plentiful, but the laborers are few”* (Matthew 9:37). In this edition, we share testimonies of God’s faithfulness and the impact your partnership is making in lives and communities.

Apam Senior High School Outreach

On 10th May 2025, The Great Commission Movement of Ghana undertook an outreach programme to Apam Senior High School in the Central Region of Ghana. The aim of the event was to reach out to the students with the Gospel of Salvation and give them the opportunity to make a commitment to Christ. In addition, there was a presentation on the topic: "The Media and The Youth Today". This helped sensitize them on the dangers and usefulness of digital media. Packages comprising personal basic needs were offered to 400 needy students; 150 boys and 250 girls.

Donated Bibles for newly converted Students

**Spiritual Session:
Sharing the Word of God**

A short but powerful interlude of praises followed, after which the Word of God was shared. Sharing the story of the Prodigal son from the Bible, to students to realign themselves to God no matter the situation or current standing with God.

Many students were visibly moved, 168 students gave their lives to Christ during the altar call and Bibles were shared to those who responded to the call.

During our session on "The Youth and Media Today," I walked the students through the role of the youth in social media, highlighting how media influences them both positively and negatively. I introduced them to some educational platforms they could use to their benefit, including Canva and Syllabus Gh, among others.

I also took time to caution them about their social media activity, stressing that the Internet never forgets. I encouraged them to be careful with the kind of information they post online, reminding them of the importance of privacy and discretion.

The session covered topics such as:

- The influence of social media
- Using digital platforms to reflect godly values

The session was a very engaging and impactful, the students were more aware and intentional about how they interact with digital media.

Drug Abuse Summit – Nsakina Community

As part of efforts to address the growing challenge of drug abuse among young people, a Drug Abuse Summit was organized in collaboration with the Ghana Narcotics Control Board. The event aimed to sensitize students on drug usage, abuse, and its consequences.

The summit took place in response to the rampant increase in drug addiction and its negative effects on individuals, families, and the wider community.

The summit was timely and impactful, equipping the youth with knowledge to make informed decisions and avoid the traps of drug abuse.

**Mr. Rashid –
Nacortic Control Board**

Testimony

"Before attending the Drug Abuse Summit, I didn't fully understand how dangerous drug abuse could be. The stories shared and the explanations from the speakers really opened my eyes. I've learned that one wrong decision can affect my whole future. I'm now more determined to stay away from drugs and help my friends do the same. This summit has changed my mindset, and I'm truly grateful for the opportunity."

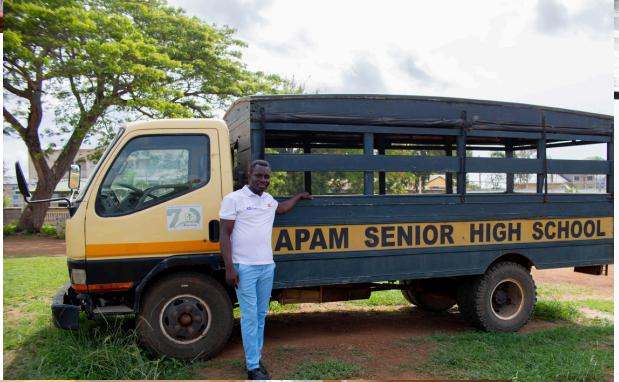

– Emmanuel, JHS 2 Student

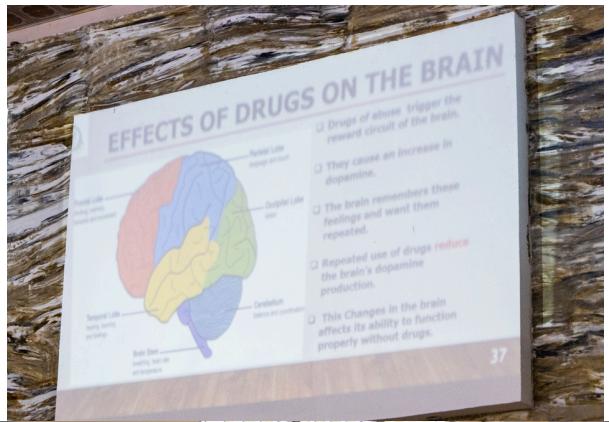

Over 270 students participated in the summit. Key topics covered included:

- The dangers of drug abuse
- The difference between drug use and misuse
- The short- and long-term effects of drugs on the body and mind
- Practical steps to resist peer pressure and seek help when needed

The Ghana Narcotics Control Board provided professional insight and shared real-life stories to help students understand the seriousness of the issue. Students were also encouraged to become ambassadors of drug-free living in their schools and communities.
